HELP WITH STOCKING TEACHER SNACK CART

Frost Families, Please sign up to help stock the Teachers' Snack Cart during January Conferences. Teachers love getting snacks delivered in between their conferences to keep them fueled up and energized during the long days of back to back conferences. Let's show our Frost Teachers and Staff how much we appreciate all they do for our students!

There are many items to choose from to donate food and drinks, or if you have the gift of time, we'd love your help bringing the snack cart around to the teachers' rooms on any of the three days of conferences (Tues. Jan 28, Thurs. Jan 30, or Fri. Jan 31.) Follow this link for more information!

Thank you for supporting Frost Teachers and Staff and PTSA!

SCIENCE REPORT CARD INFORMATION FOR FAMILIES

This is an exciting time in science education as we transition to the new [Washington State Science and Learning Standards \(WSSLS\)](#)! With this change in standards, the new curriculum materials this year, and researched-based effective instructional practices, this year's report card will look different in science. The three practices we will be focusing on this year are: **Developing and Using Models, Constructing Explanations/Arguments**, and **Engaging in Argument with Evidence**. The growth of your child's skills in these areas has been evaluated by their teacher as they progress through their new science units. A summary of how your child is developing in science will be provided to you in the report card comments or discussed during your conference. If you would like to know what the units are that your student is learning throughout the year, please refer to this Amplify Science resource: <https://amplify.com/programs/amplify-science/whats-included/>. If you have specific questions on the units, new curriculum materials, or assessments, please feel free to ask your child's teacher or you may also contact Hanna Seidler (hseidler@lwsd.org), our K-12 Science Curriculum Specialist, or Jen Rose (jerose@lwsd.org), Director of Teaching and Learning.
