## School Description

Robert Frost Elementary School was established in 1969. It is located in the heart of the Kingsgate neighborhood in Kirkland, Washington. We provide an excellent instructional environment for a diverse community of students. We provide students with rich academic challenges. We also provide intensive instructional support through our English Language Learner, Safety net and Special Education programs. Our school houses two Special Education Learning Center Programs. That program serves Lake Washington School District students with developmental and medical needs.

Robert Frost Elementary School has a strong, involved community. Many parents and neighbors volunteer frequently in the classrooms. The PTSA coordinates many ongoing programs in support of student learning. They offer a variety of after school classes and activities.
